**STUDIO STEFANIA MISCETTI's new website**

thursday, march 11th, 2021 – 6pm

STUDIO STEFANIA MISCETTI is pleased to announce the publication of the new gallery's website, Thursday, March 11th, 2021 at 6pm.

This renewal project was born in 2018, as a result of the desire to create a real digital archive, in order to represent research, insights and wills that have given life to the Studio's now thirty years of activity.

The database welcomes multiple and differentiated paths that flow between the pages dedicated to the artists, exhibitions, external projects and publications.

The new design was created by the agency TrulySocial Media, in the person of Massimo Burgio, a long-time collaborator of the Studio, which has provided a new face to the platform, enhancing its identity and contents.

The creation of the site proceeds in parallel with the donation of the Miscetti Fund to the National Gallery, realized thanks to the fruitful welcome of the director Cristiana Collu and all the officials, in particular Claudia Palma and Massimo Mininni, and motivated by the same desire to make the historical-artistic heritage of the activity accessible to all.

On the occasion of the launch of the site will be published the first of a series of dialogues with the artist Bruna Esposito, in the context of the exhibition *Altri Venti - Ostro* that will be visible at the gallery space until March 31<sup>st</sup>.

The project has been selected among the winners of the Italian Council (IX edition 2020), program to promote Italian contemporary art in the world by the Directorate-General for Contemporary Creativity of the Italian Ministry of Cultural Heritage and Activities and Tourism.
